PAGE A1

File A - page 1 of 2

This is an original practice document, not a real application screenshot.

It contains no personal records, forms, passwords or signatures.

Merge File A before File B to check the following page order:

A1 -> A2 -> B1 -> B2

Then split a copy into one PDF per page and open each result.

Keep these original files unchanged for comparison.

Quality check

Can you read this text at normal zoom?

Are the page label and the two coloured shapes still clear?

A small text-based PDF may not become smaller after compression.
